

X-TRAIL

SIMPLY SENSATIONAL

Connect to a bigger, bolder world in a sensational SUV with the latest available tech. Adapt for adventure and go forward with confidence. It's all part of Nissan Intelligent Mobility, our commitment to reinventing every part of your drive with advanced safety technologies. **Introducing the New Nissan X-Trail, with technology that moves you.**

NEXT-LEVEL TECHNOLOGY FOR A CONFIDENT AND ENERGIZING DRIVE

Nissan Intelligent Mobility is redefining the way we power, drive and integrate cars in the world around us. It's bringing you and your X-Trail closer together for a more confident, more exhilarating ride. It's making your journey more personal through advanced connectivity and empowering you through progressive technologies. It's enhancing the joy of being behind the wheel and turning the world into a safer place every day.

NISSAN SAFETY SHIELD 360

Imagine being surrounded by confidence on every drive. Nissan Intelligent Mobility includes features that monitor in front of you, behind you, and on either side, and can step in to help keep you out of trouble.

Intelligent Forward

GET A HAND WHEN YOU WANT IT

ALWAYS LOOKING OUT FOR YOU

Nissan Intelligent Mobility empowers you with tomorrow's technology so you can take on today. Make every move with greater awareness and get a little help when you need it. Feel greater confidence and ultimately, the freedom to embrace the way driving was always meant to be.

Intelligent Forward Collision Warning with Intelligent Emergency Braking**

Monitors your speed and distance between you and the car ahead, and can let you know if you need to slow down. It can even automatically engage the brakes to help avoid a frontal collision or lessen the severity of an impact.

Intelligent Cruise Control**

Watches the flow of traffic to take the driving stress out of your daily commute. The system helps maintain an adjustable speed and set distance between you and the car ahead.

High Beam Assist**

Turns your high beams on automatically when you need them and switches them off when it detects another car coming towards you.

A BOLDER RIDE THROUGH LIFE

Nissan's Intelligent Driving Systems use advanced radar technology to constantly monitor all the activity around you, keeping tabs on the traffic and helping you handle any unexpected situation. It's like having an extra pair of eyes keeping watch so that you can make the most of your family adventure.

Rear Cross Traffic Alert*

Helps you back out of a space with more confidence. This feature watches around the rear of your X-Trail, and can warn you about cars it detects creeping up on you from either side.

Blind Spot Warning*

Helps you change lanes with confidence. This feature keeps an eye on the blind spot area and gives you a heads-up if it detects a vehicle hiding there.

Lane Departure Warning*

Helps make sure you change lanes only when you mean to. If it detects that you are drifting over, it will give you a heads-up.

SEE MORE AROUND YOU

BECOME A MASTER OF MANEUVRABILITY

X-Trail comes standard with Intelligent Around View Monitor (AVM) with Intelligent Moving Object Detection. Four cameras give you a virtual 360° birds-eye view of your vehicle, with selectable split-screen close-ups of the front, in addition to rear and curbside views for a better look.

SQUEEZE INTO ANY SPOT

Intelligent AVM provides multiples views to help you park straight into your space without a scratch.

STRESS-FREE PARALLEL PARKING

Intelligent AVM provides visuals that allow you to park like a pro.

GARAGE PARKING IS EASY

Intelligent AVM provides visuals that help you pull all the way into a garage, showing any objects on the floor and ensuring you've cleared the garage door.

Actual car specifications may vary from model shown.

SEE ALL SIDES OF THE SITUATION

BIRD'S EYE VIEW

Intelligent AVM gives you a virtual 360° bird's eye view of your vehicle to bring your parking space and maneuvering capabilities into full perspective.

REAR VIEW OR FRONT VIEW

Thanks to Intelligent AVM, you can check the front and back of the car while comfortably remaining in the driver's seat.

SPARE YOUR WHEELS

The side is a great help for seeing how close you are to the curb.

RIGHT ON THE NOSE

With a front and overhead view, you know just how far to pull up - without going too far.

FEAR NO PARKING LOT

Tight spot with cars on either side? The overhead view helps you center your X-Trail in the space.

BACKGROUND SAVVY

In Reverse, the display helps you see what's directly behind you, while the overhead view helps with smaller objects that might be hidden below your window.

SEAMLESS CONNECTIVITY

Apple CarPlay™ and Android Auto ready are the smarter ways to enjoy the things you love on your phone. Access music, maps, make calls, send and receive messages, and more – all hands-free. Just plug in your smartphone and go.

STYLE WRAPPED IN STEEL

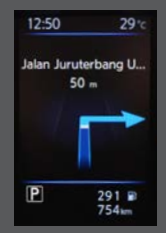

DESIGN THAT IMPRESSES

With technology that keeps you comfortable and connected, an inspired design that pays attention to the little things, X-Trail is a nice place to be. X-Trail delivers, with impressive front head room and the supreme comfort of fatigue-reducing **Zero Gravity front seats**. While **Dual Zone Automatic Temperature Control** and **Powered Front Seats** let you have things just the way you like it.

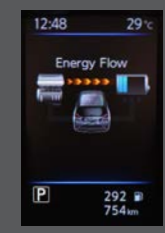

ADVANCED DRIVE-ASSIST DISPLAY

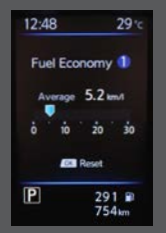

From turn-by-turn navigation to providing fuel economy stats, the Advanced Drive-Assist Display does it for you in one central location. It's specially designed to help make you feel more confident on the road by allowing you to focus on what matters most – driving.

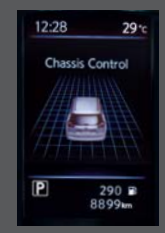

Turn-by-turn

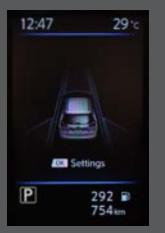

Hybrid Technology Energy Flow

**For 2.5L and Hybrid Variants only. Actual car specifications may vary from model shown.

16.1 km/L
Fuel Efficiency

144 + 41 PS
Power

200 + 160 Nm
Torque

2.0L Hybrid Variant only.

GET THE BEST OF BOTH WORLDS

X-Trail Hybrid optimizes your fuel economy from the word go, with Engine Idle Start / Stop technology that can shut the engine down when you are at a stoplight and start instantaneously as you pull away. It is also efficient at higher speeds where it can "coast," reducing the engine to idle when power is not needed.

INTELLIGENT DUAL-CLUTCH SYSTEM****

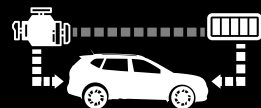

Drive by EV

During start-up and low speed, it runs with only a motor to achieve smooth acceleration, quiet driving and low fuel consumption.

Drive and Charge by Engine

During cruising it runs with the engine and will charge the battery if state of charge is low.

Drive by Engine and Motor

During full throttle / uphill condition, it runs with both engine and motor to achieve strong acceleration.

Engine is Off

During deceleration / braking, cooperative regenerative braking creates electricity to recharge the battery. If state of charge is low, the engine will charge the battery too.

DRIVE MORE LIKE A PRO

X-Trail uses technology that works a little magic behind the scenes to help make every drive feel more comfortable, confident, and enjoyable.

Intelligent Trace Control

Intelligent Trace Control brake each wheel individually to help you steer smoothly through the corners.

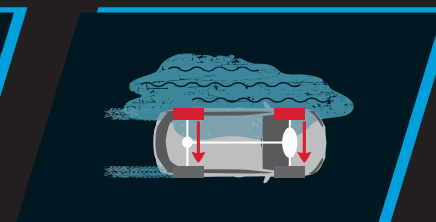

Intelligent Engine Brake

Intelligent Engine Brake uses the New Improved Xtronic CVT to apply engine braking to help avoid stopping short and keeping your bag from flying off the passenger seat.

Intelligent Ride Control

Intelligent Ride Control automatically applies the brakes and adjusts engine torque to smooth out your ride, turning those mountains into molehills.

Active Brake Limited Slip (ABLS)

Provides better grip in slippery conditions, ABLS works to apply braking to individual wheels if they start to spin.

Hill Start Assist

Hill Start Assist helps stop you from rolling backwards. It holds brake pressure for a few seconds, giving you enough time to switch from the brake pedal to the accelerator.

Hill Descent Control***

Descend on a steep decline safely, as Hill Descent Control controls the brakes for you, letting you focus on steering.

PERFORMANCE FOR EVERYDAY, POWER FOR YOUR NEXT ADVENTURE

Twin CVTC Engine
 Powered by a 2.0L Direct Fuel Injection engine and 2.5L engine equipped with Twin Continuously Variable-valve Timing Control (CVTC) that provides a more responsive drive and maximum fuel efficiency.

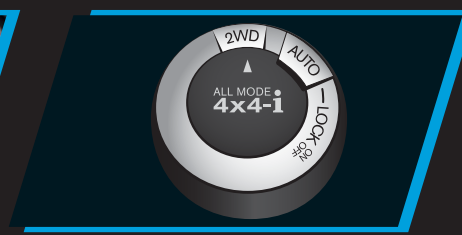

New Improved XTRONIC CVT
 With 7-speed manual mode that provides seamless acceleration.

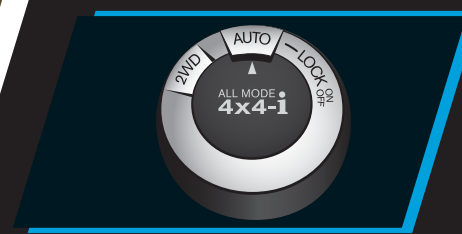

ECO Mode
 Saving made simple. Push the dash-mounted button, and X-Trail's ECO Mode automatically adjusts to help you maximize fuel economy.

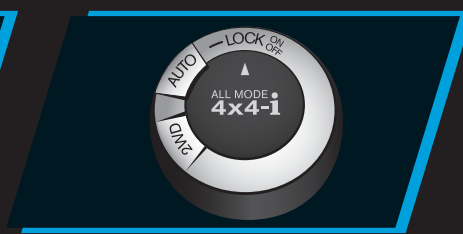

Intelligent 4x4***
 No matter the terrain, the instinctive and intelligent four-wheel drive system offers an incredibly safe and pleasurable driving experience.

2WD Mode***
 Saves fuel and offers greater handling.

Auto Mode***
 Monitor terrain changes and adjust balance of power between front and rear wheels for best handling on any surface.

Lock Mode***
 Showcasing the New X-Trail's exceptional 4x4 agility, it provides extra grip in challenging conditions.

ADAPTIVE CAPABILITY

X-Trail offers responsive power for your next adventure. Dynamic driving technologies are designed for a smoother drive and available intelligent All-Wheel Drive can automatically adapt to changing road conditions.

ENGINE	FUEL EFFICIENCY	POWER	TORQUE
2.0L 2WD	13.4 km/L	144 PS	200 Nm
2.5L 4WD	12.2 km/L	171 PS	233 Nm

***For 2.5L Variant only. Actual car specifications may vary from model shown.

SLIDE, GLIDE AND SWING WIDE

A SMARTER 2ND ROW

Thanks to the X-Trail's flexible seating system, this 2nd row is truly first class. The 60/40 split seat slides forward for easy access and adjusts to give you more cargo space, more legroom, and everything or anything in between. You can also recline the seats, when it's time to just relax.

OPTIONAL 3RD ROW

The X-Trail's folding 3rd-row 50/50 split seat gives you additional versatility. Perfect for accommodating extra passengers and their gear, it also folds down completely to make a flat cargo floor for maximum storage capacity.

REAR 77° WIDE OPENING DOORS

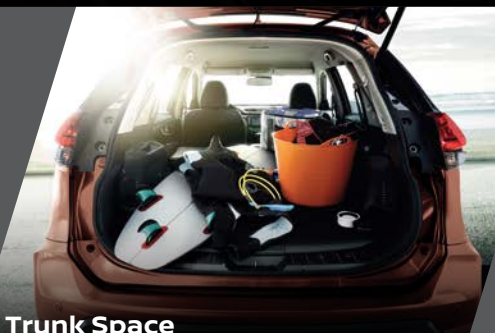

The X-Trail's rear doors swing out to nearly 80°, giving you easy access to the kids, the cool box, the bicycles...making life so much easier.

SEAT FIVE OR ADAPT TO SEVEN COMFORTABLY

Best-in-class front headroom and thoughtful 2nd row vents help keep everyone comfortable. An available 3rd row of seats with a 50/50 folding split is ideal solution when you need to fit more family members and friends inside your new X-Trail – or you can fold it down completely, making the cargo floor flat and maximizing the storage space.

ROOM FOR CRAFT AND CREW

With best-in-class cargo space and room for an object up to eight feet long, X-Trail gives you possibilities you never knew you had. And with a clever folding rear seat pass-through, there's plenty of room to bring friends along.

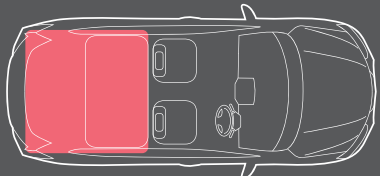

Trunk Space

Best in class cargo space equips you with more than enough room to bring friends on adventures.

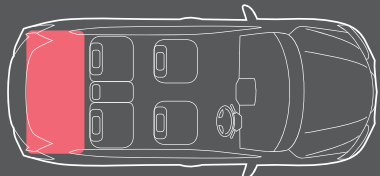

1,520
LITRES (VDA)

You, a passenger and lots of cargo.

550
LITRES (VDA)

Five of you and your gears.

Motion Activated Power Tailgate

Kick under the rear bumper to automatically open the Motion Activated Power Tailgate, without reaching for a key or juggling whatever you are carrying.

77° REAR WIDE OPENING DOORS

Actual car specifications may vary from model shown.

Nissan Intelligent Mobility moves you one step ahead. In cars that feel like an extension of you, helping you see more and sense more, reacting with you, and sometimes even for you. Nissan Intelligent Mobility is about a better future – moving us to a world that's safer, more sustainable and exciting.

FEEL MORE CONFIDENT

INTELLIGENT DRIVING Imagine a car that will pick you up, navigate heavy traffic, and find parking all on its own. And at the push of a button, it gives you back control of the wheel. It will even be able to communicate with other cars and pedestrians. Nissan is testing advanced autonomous driving on public roads today, which means this revolutionary driving experience is within reach.

FEEL MORE EXCITED

INTELLIGENT POWER With 100% instant torque and zero tailpipe emissions, electric vehicle transportation doesn't have to compromise the thrill of driving. Nissan's leadership position in EVs means we're committed to expanding our range of zero tailpipe emission vehicles, bringing the unique pleasures of cleaner, quiet power to more and more people worldwide.

FEEL MORE CONNECTED

INTELLIGENT INTEGRATION A connected ecosystem of drivers, cars, and communities is key to a cleaner and safer world. Nissan is playing a central role in defining what the roads of the future will look like, from autonomous cars to traffic management systems to mobility services. Nissan is committed to creating a more connected world by linking vehicles to social infrastructure.
